

# Lesson 92: Elevens Lab #5 (W32D1)

Balboa High School

Michael Ferraro

April 11, 2016

- Continue working on Activity 9 ([pp29-31](#))
- Finished? Move on to the following slides. . .

Students will reinforce OO programming principles and practice various tasks in Java via the College Board's *Elevens Lab*.

## Activity 10: ThirteensBoard

Finished with Elevens?

- Work on Activity 10, ThirteensBoard (pp33-34).
- Remove Activity09 from build path, add Activity10 as source folder
- In Eclipse, you can copy-and-paste a class in the left-side navigator, which quickly creates a new file with the same contents (with adjusted class and constructor names)

Finish Activity 10 (pp33-34).
